## COUNTY BOARD MOVES AHEAD WITH MERGER VOTE IN FALL

With Mt. Pleasant Twp. problems occupying their attention for much of a special 90-minute meeting Friday evening, members of the Adams County Board of School Directors adopted a resolution directing their solicitor to carry out January decisions for merger votes in the Gettysburg, New Oxford and Littlestown joint school districts in November.

The resolution directs Attorney J. Francis Yake to execute the merger petitions decided upon in January and to present them to the county court asking that the merger question be put on the ballots in the fall in the districts involved.

Members of the board indicated they saw no reason to abandon or alter the merger vote plans made in January which were prevented from coming to a vote at the primaries because of delay in agreements on boundaries.

### rs. Petitions, Delegations

The county board had a letter from the Mt. Pleasant Twp. board "opposing any further division of this township."

Two residents of Mt. Pleasant Twp. came before the county board carrying petitions bearing the names of "more than 175 taxpayers" opposed to allow the 11 pupils in the extreme west end of the township to go to the Gettysburg schools and opposing any annexation to the Gettysburg jointure.

Mrs. R. C. Harbaugh and Mrs. Cloyd Miller, who presented the petitions, said most of the signatures had been secured in Bonneauville and White Hall areas but that many more names could have been added if they had more time to circulate the papers.

The county board also had before it John B. Keith as spokesman for the parents of the 11 children seeking to be assigned to Gettysburg schools instead of Littlestown or New Oxford. Mr. Keith and the four men with him gave the impression they are much concerned about getting the 11 pupils into the Gettysburg schools on a tuition or some other basis than they are in seeing an independent school district created for their territory. They have petitioned the county court for creation of an independent district.

### Offer To Drop Court Case

Keith's group, in a letter read to the board by Secretary J. Faber Wildasin before the delegation entered the meeting room, offered to drop the court action if the county board would take steps to have the 11 children assigned to Gettysburg. The same letter indicated a slight reduction in the area.

### Business Gets A Big Boost

NEW YORK (AP) — New encouragement flowed into business channels this week.

The rash of good news lifted the outlook for the balance of the year.

The stock market responded with its biggest weekly gain of the year. Such basic issues as steels, motors and chemicals led the march.

Steel industry prospects got a boost when Chairman Roger Blough of U. S. Steel Corp. predicted the operating rate would pick up substantially in August.

Steel production rose this week to 62.3 per cent of capacity from last week's holiday-curtailed output of 60.6.

The automobile industry reported sale of 566,650 new American-made cars in May, the best for the month since second 1955. The total was about 7 per cent above May 1959.

## Reds Whip Up Thousands Of Japs Into Frenzy Against Prime Minister, President

By JAMES CARY

TOKYO (AP) — More than 150,000 demonstrators stormed unchecked through Tokyo far into Saturday night in rowdy, snake-dancing parades denouncing America, Prime Minister Kishi and President Eisenhower's June 19-22 trip to Japan.

"Yankee murderer, go home!" the mob yelled. "Ike, don't come!"

Ten thousand radical students laid siege to Kishi's private residence, sealing him inside. They stoned the home and smeared paint on the fence.

Hagerty Leaves

Even as they demanded Kishi appear, White House press secretary James C. Hagerty — whom they mobbed and imprisoned in his car Friday upon arrival in Tokyo — took off from Tachikawa Air Base west of Tokyo to join President Eisenhower's Far Eastern tour party in Anchorage, Alaska, tomorrow.

Only 300 police guards were present to deal with the ugly crowd.

Akaiha (Red Flag), the Japanese Communist party newspaper, stepped up Japan's boiling internal political crisis over Kishi and alliance with America, with an editorial call for more anti-Americanism.

### Fly Red Flag

The streets around Japan's Parliament and the American embassy were a sea of red flags. The surging mob sang songs and listened to Socialist members of Parliament and representatives of Japan's leftist Anti-Nuclear Bomb Council.

The situation around Kishi's home looked serious, but police said they had no plans for reinforcements. They threw up a barricade behind Kishi's gate.

The students cut all roads into the area, claiming they were determined to prevent the Premier from keeping an appointment with Hagerty — an appointment Kishi denied having.

### Mob Roars, Chants

The mob roared and chanted for Kishi to come out. Like all other leftist elements in Japan and some conservatives — they want the Premier to resign and dissolve Parliament to void the new U. S. — Japan security alliance before it becomes law June 19.

Hagerty was closeted earlier in the day with Foreign Ministry officials reportedly making drastic revisions in Eisenhower's Japanese schedule June 19-22, with the emphasis on providing more security for the President.

Make Some Changes

Changes planned, to insure the President's safety, include canceling of a golf match with Kishi. A news conference also was reported out and the President's speech at Parliament is expected to be cancelled.

## BULLETINS

WASHINGTON (AP) — The White House said today the schedule for President Eisenhower's impending visit to Japan is being reviewed and probably revised.

Assistant press secretary Anne Wheaton told newsmen a detailed plan for Eisenhower's June 19-22 Japanese tour is being held up awaiting a decision by press secretary James C. Hagerty, who has just completed a preliminary visit to Tokyo amid angry anti-Eisenhower demonstrations.

She added: "There's nothing to be released from this office today."

At another point she said the schedule was not firm and would be given out as the tour progresses. Pressed as to whether it was being revised, Mrs. Wheaton said: "I would assume that, in the light of the fact we haven't got the schedule this morning, there may be some slight revisions."

The boy, police said, admitted breaking into the establishment on the afternoons of May 28 and last Saturday and again Thursday. He told police he gave away everything he took. Each entry was discovered by the owner, Austin Garrett, Hanover.

## COUPLE WED AT 2 P.M. TODAY IN EMMITSBURG

Miss Harriet Roberta Fite, daughter of Mr. and Mrs. Robert G. Fite, Rocky Ridge, Md., and Kenneth Fred Glass, son of Mr. and Mrs. Roy F. Glass, Emmitsburg, were united in marriage at 2 o'clock this afternoon in St. Anthony's Shrine, Emmitsburg. The Rev. Fr. Vincent J. Tomalski performed the double-ring ceremony.

The altar was decorated with white gladioli and pompons and lighted tapers. Mrs. Alma Seltzer, church organist, played the traditional wedding music and accompanied the soloist, Mrs. Marie Rosensteel, Emmitsburg, who sang "Ave Maria" by Gounod and "O Sacred Heart, O Love Divine."

The bride, given in marriage by her father, wore a gown of candlelight delustered satin with a fitted bodice and three-quarter-length sleeves. The floor-length bouffant skirt ended in a full sweep chapel train. A full panel of Chantilly lace accented the front, neckline, waistline and sleeves. The lace was embroidered with mother-of-pearl sequins and seed pearls. Her fingertip veil of candlelight imported bridal veiling was caught in a rosebud crown of satin. Her only jewelry was a double strand of pearls, a gift of the groom. She carried a white Bible topped with white orchids and Stephanotis.

**Sister Is Attendant**  
Mrs. Murray E. Valentine, sister of the bride, from Rocky Ridge, was matron of honor. She wore a mid-rose taffeta street-length sheath with decollete neckline accented with light pink nylon chiffon bow with dress-length floating panels. She wore matching bandeau, shoes and mitts. She carried a bouquet of pink feathered pompons with a center accent of white and wore a strand of pearls, a gift of the bride.

The bridesmaids were Mrs. William B. Ennis Jr., University Park, Md., sister of the bride; Mrs. Richard Lohr, Waynesboro, Pa., sister of the groom; Miss Mary M. Fiery, Emmitsburg, and Mrs. Tommy L. Fogle, Woodboro, Md. They wore gowns identical to the maid of honor and carried shawl bouquets of mixed feathered pompons. Each wore a strand of pearls, a gift of the bride.

**Brother Is Best Man**  
Robert E. Glass, Emmitsburg, was best man for his brother. The ushers were: Robert S. Fite, Fairfield, Pa., brother of the bride; Chester S. Shriver Jr., Gettysburg; Tommy L. Fogle, Woodboro, Md., and George L. Danner, Emmitsburg.

Ned Remavege, Emmitsburg, was acolyte. Steven D. Fite, Fairfield, nephew of the bride, was ringbearer. Vickie Lynn Valentine, Rocky Ridge, niece of the bride, was flower girl. She wore a floor-length model of the bride's gown and carried a basket of pink and white feathered pompons and wore a strand of pearls, a gift of the bride.

The bride's mother wore a sheath of Dior blue imported Chantilly lace over taffeta with blue and white accessories and a white rosebud corsage. The groom's mother wore a beauty pink lace dress with white accessories and a white rosebud corsage.

**Reception Is Held**  
Immediately following the ceremony a reception was held in the VFW annex, Emmitsburg. For the wedding trip to Florida the bride wore a powder blue linen sheath with white accessories and a white orchid lifted from her Bible.

### "TAKE YOUR TIME"

When you go on your vacation... play it safe and take your time... in this way you're sure to get there... and the joyful bells will chime... obey all the traffic signals... drive at a sensible speed... in your car are priceless treasures... think of them, and then proceed... though it's human to be anxious... when vacation sounds its call... many people never get there... because they invite a fall... taking chances is the shatter cause... of so many shattered lives... but the folks who do not gamble... live to enjoy pleasure drives... so remember what I've written... add some reason to life's rhyme... when you go on your vacation... you go in health, but take your time.

## ABDEL WAS SPY, BUT FOR WHOM?

TUNIS (AP)—Abdel the Spy is a spy. Of that much everyone—including Abdel—is certain. But a criminal court is still trying to figure out for whom Abdel worked.

The prosecutor says Abdel started out as a French agent in Tunisia, then became an Algerian rebel agent in Libya and finally an Egyptian agent in Tunisia.

Meanwhile, the prosecutor says, Abdel plotted with dissident elements in Tunisia to kidnap President Habib Bourguiba—and sold the government details of the plot.

At that point Abdel was arrested. Abdel explained, "In order to make money and enjoy life. I worked for everybody at the same time."

Upon their return they will reside at R. 2, Emmitsburg.

The bride is a graduate of Emmitsburg High School, class of 1955, and attended Towson State Teachers College and the Waynesboro Business School. She is presently employed as a secretary to the assistant superintendent for instruction, Board of Education of Frederick County.

The groom graduated from Emmitsburg High School in 1955 and attended Syracuse University. He spent a four-year tour of duty with the U.S. Air Force, spending three years in Germany. He is presently employed in a clerical position at the Ox Fibre Brush Company, Frederick.

Out-of-town guests were from Frederick, Hyattsville, Hagerstown, Baltimore, Philadelphia, Gettysburg, Washington, D. C., Wilmington and other surrounding areas.

A miscellaneous bridal shower was given for the bride on May 18 at the home of her sister, Mrs. Murray E. Valentine, Rocky Ridge, Md. A miscellaneous shower was given by her co-workers on May 27 at the home of Mrs. Donald Ramsburg, Frederick.

A buffet luncheon was held on June 5 at the home of Mrs. William B. Ennis Jr., sister of the bride, College Park, Md. A rehearsal party was held at the home of the bride on June 10 with Mrs. Margaret Seltzer, aunt of the bride, as hostess.

Adm. Cary T. Grayson, personal physician to Woodrow Wilson, cut to a minimum the use of medicine in the White House. He advised plenty of sleep and regular games of golf, instead, for the President.

Carol Jeanne Saple, daughter of Mrs. Margaretta Pentoney, Breckridge St., will be graduated from Lourdesmont High School, Clarks Summit, Sunday. The Rev. Dr. Jerome O. Hannan, bishop of Scranton, will preside.

## COUNTY BOARD

(Continued From Page 1) originally involved. The area petitioning for an independent district contains 25 properties instead of an original 27.

Several times during the evening it was brought out that Mt. Pleasant Twp. already is divided between the New Oxford and the Littlestown jointures. County board members agreed, again, that geographically the pupils in Keith's territory are closer to Gettysburg and their desire to come here to school is "understandable." "Deeper rooted" complications kept the county board from altering its original merger plans.

**Tuition Plan Up To Boards**  
It was pointed out that any plan to send the 11 pupils to Gettysburg on a tuition basis—not involving an independent district—is a matter "strictly between the boards involved."

Mr. Keith assured the board his group's purpose "is not to defeat the merger but to get these pupils into the Gettysburg schools."

Earlier in the meeting the board accepted the resignation of Rush L. Canouse, elementary special teacher in the Lower Adams district, and then elected Annabelle Deardorff Eiker, 45 E. Stevens St., to take his place at a salary of \$3,800 a year. The board also elected Rebecca C. Cronlund, Gettysburg R. 2, as an assistant teacher in the trainable class here at a salary of \$2,800.

**Set Picnic Date**  
The board announced Tuesday, August 2, as the date for the annual summer convention picnic at the South Mountain Fairgrounds and approved the regular summer schedule for the county superintendent's office under which it will close daily at 4 p.m. and will not open Saturdays.

The monthly report on the special education account showed a balance of \$29,704 after May disbursements of \$13,072 and receipt of \$39.72 in milk subsidy.

The meeting was held in the county superintendent's office on Carlisle St. with President Curtis S. Sponseller presiding and with all members present excepting Earl B. Hartzell, Fairfield, County Superintendent C. P. Keefe and Mr. Yake also were in attendance.

## Reds Whip

(Continued From Page 1)

Many Japanese object to the pact and the U. S. military bases it authorizes on grounds they may involve Japan in an East-West war. They oppose Eisenhower's visit because they feel it strengthens Kishi.

The leftist turnout raised the question of Japan's ability to protect Eisenhower when he arrives. Kishi has guaranteed his safety, but there have been expressions of concern in Washington and here, where many Japanese friendly to America have urged that the trip be cancelled.

**All Night Rioting**  
The demonstration continued into the night in a setting of candle-lit lanterns.

Huge columns, some 30 abreast, surged through the darkened streets outside Parliament. They extended for a half mile toward the American embassy.

Both men and women members of Red-tinted Shoyu, Japan's largest labor federation, were in the marchers. Some stopped to scream into tape recorders carried by American radio-TV men.

"Down with the treaty," "Yankee go home," "Ike don't come" "Clash Near Parliament"  
Today's protest began near Parliament with a clash between 500 students of Zengakuren—the organization that battered Hagerty's car—and a bus load of Kishi's conservative Liberal Democrats.

## A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

**THE OSBORN FAMILY**  
Last week, in this column, mention was made of a soldier of the American Revolution, one David Vanderbelt, who is buried in a now unmarked grave in the "Upper" Low Dutch Burial Ground.

As a matter of fact there are no marked Vanderbelt graves in either the Low Dutch Graveyards. Family tradition, however, places the burial plot of this family in the "upper" cemetery, sometimes known as "Osborne's."

When the War of the American Revolution broke out David Vanderbelt was living in the Low Dutch Settlement of the Conewago, in this County, having emigrated from New Jersey with the first influx of Dutch and French Huguenot pioneers. It is not known how many tours of duty David Vanderbelt served with the Continental Army for all record of his service has been lost. Only one record remains to show that he fought for the freedom of his country—and this is a brief entry in the pension claims of the state of Pennsylvania.

In September, 1834, David Vanderbelt, of Adams County, Pennsylvania, was granted a pension by the State, "for services rendered in the War of the American Revolution." The original application presented to the State Legislature by the veteran was lost in the fire that destroyed the main capital building early in the nineteenth century. The entry in the Legislative record only mentions the fact that David Vanderbelt received a pension and that this small income ceased when the soldier died on May 12, 1843.

**Unmarked Grave**  
David Vanderbelt was buried in the "Upper" Low Dutch Graveyard and if his grave was ever marked the stone has long since disappeared.

The Low Dutch Burial Ground (the "Upper"), just east of Huntstown, on the Low Dutch Road, as stated before, is sometimes called "Osborne's" and this may be due to the fact that the plantation of Samuel Osborne was located "close by." In addition the family burial plot of the Osborns (or Osbornes) is in this graveyard. No matter what the reason the name is sometimes used even today to designate this old churchyard.

Samuel Osborne, who was apparently of French Huguenot descent, came with the Dutch and French Huguenot pioneers, into what is now Adams County, Pennsylvania, from Somerset County, New Jersey. He "took up land" within the bounds of the Low Dutch Colony and proceeded to "cut a farm" out of the wilderness. He helped to build the Dutch Reformed Church in the settlement and was an officer in that organization. In short Samuel Osborne was a respectable and substantial member of society as well as a prosperous one.

In the Osborne burial plot in the Low Dutch Graveyard there are three marked graves and undoubtedly some unmarked ones as well. The inscriptions from the gravesones follow:

**Samuel Osborn**  
1. "In memory of Samuel Osborn, born December 27, 1759, died December 5, 1834, a soldier"

**GIRL SCOUTS**

## 17 COUNTIANS

(Continued From Page 1)  
Biglerville, Larre E. Hoke, B.A. in arts and letters.

East Berlin, Robert W. Roland, B.A. in business administration, Littlestown, Fay L. Fissel, 39 Prince St., and Helen M. Marshall R. 1, both received B.S.'s in elementary and kindergarten education, and Donald L. Zepp, R. 2, B.S. in secondary education.

**Honors For James Myers**  
McSherrystown, James A. Miller, 338 North St., B.S. in engineering science.

New Oxford, Larry E. Byers, R. 2, B.S. in business administration; James L. Myers, Pfeiffer

**Note:**—The wife of Samuel Osborn, French Huguenot pioneer, who served in the famous "Pennsylvania Line" during the War of the American Revolution. The "maiden name" of Margaret Osborn is not known.

**Note:**—A daughter of Samuel Osborn, soldier of the American Revolution, and Margaret, his wife, Catharine Osborn apparently died unmarried and was buried with her parents in the family plot.

**Will Is Probated**  
In his will, which was written March 1, 1834, and entered to probate December 15, 1834, Samuel Osborn mentions the following members of his family—

1. Wife — Margaret Osborn "one thousand pounds" in money and various articles of household furniture.

2. Daughter — Margaret Osborn intermarried with Ancil Beach.

3. Daughter — Anna Osborn intermarried with Ralph Fickes.

4. Daughter — Mary Osborn intermarried with William Vanarsdal.

5. Daughter — Magdalena Osborn "as yet unmarried."

6. Son — Levi Osborn.

A son-in-law, William Vanarsdal, and his only son, Levi Osborn, were named executors of the will and Jno. Garvin, Robert Thompson and William Garvin witnessed the same.

**Three Unmarked Graves**  
There are at least three, if not more, unmarked graves in the Osborn family burial plot. This estimate is based not only on the size of the lot itself but also on the ground contour of the same. Just who is interred here is not known—at the present time.

Mary Osborn, the daughter of Samuel Osborn, soldier in the American Revolution, and Margaret, his wife, married William Vanarsdal and they are buried in this graveyard in the Vanarsdal family plot. The graves are well marked and the stones in good condition.

The notes on the Osborn and Vanarsdal families of the Low Dutch Settlement of the Conewago will be continued in this column next week.

## COLLEGE GRAD ACCEPTS CALL

The Rev. Dr. Daniel W. Nicely, Gettysburg College graduate in the class of 1928 who for the last eight years has been pastor of the Denver area's largest Congregational Church, First Plymouth, will become pastor of the First Congregational Church of LaGrange, Ill., in September.

Dr. Nicely, who went to the Denver church in 1952 from South Congregational Church, Concord, N. H., preached his final Denver sermon June 5. He will go to Great Britain as a summer preacher in the interchange of preachers program of the National Council of Churches and the British Council of Churches.

During his Denver pastorate First Plymouth built a \$725,000 church building and occupied it in 1958. He received 1,143 new members during his eight years there while the annual church budget grew from \$38,000 to \$142,000.

**To Tour Europe**  
In addition to filling his summer preaching engagements in England and Scotland, Dr. Nicely will tour parts of Europe with his wife and they will see the Oberammergau Passion Play.

Dr. Nicely was a leader in denominational, Council of Churches and Ministerial Alliance activities while in Denver and is on national boards of his denomination.

After graduating from Gettysburg College in 1928, he went to Yale University where he received his B.D. degree in 1932. He is the son of Dr. George W. Nicely, Johnstown, and the late Harriet Weigle Nicely, both graduates of Gettysburg College.

Test Drillings Being Made On  
Stone Jug Farm Bought Recently  
In Mysterious Large Scale Deal:  
The mystery of the large scale  
land buying in the Stone Jug  
and other areas moved a step—but  
only a step—closer to solution  
Friday. That whoever is purchasing  
the land, at prices ranging up to  
hundreds of dollars per acre, is  
interested in what is underneath  
the top soil seems indicated  
by the fact that drilling for core  
samples of the earth is being  
carried out. Workmen making the  
drilling refused to answer questions  
concerning the work, other than  
to note what could be seen on  
the canvas cover over the drill  
—that it was owned by Sprague  
and Henwood, Inc., of Scranton.  
While it is not known whether the  
land purchases have been com-  
pleted as yet or not, a rough  
check of recent farms recorded  
as sold reveals that at least 12  
farms with approximately 1,000  
acres of land in them have al-  
ready been purchased at a price  
of \$173,750. The farms are chiefly  
in Straban, Butler, Reading and

## Today's Talk

**HAPPINESS CIRCLES BACK**  
If you are taking a drive in your car and see a tired man or woman or an unhappy looking child by the way, and you give them a "lift"—that's happiness circling back to you.

If you give cheer to folks as you go along and to whoever may need—that's happiness circling back to you. If you see your friend making some grave mistake, or someone else giving him an unfair deal, and you go immediately and tell him frankly—that will mean that happiness will circle back to you.

If you are sad and try to make someone glad—that's sure to bring happiness circling back to you. If you see a chance to right a wrong, and right it all at once—happiness will circle round your way and make you doubly glad. For happiness is a revolving affair. It never stays still for a minute. It keeps circling and circling—always touching people who give it most.

If you are honest, if you are kind, if you are a worker and a doer—happiness is sure to find you. Happiness just keeps circling about such folks.

If you want the things that make one fine and noble—give them! They move in circles round and round—every one.

## Awards, Certificates Are Presented At Littlestown Parochial School Exercises

The closing exercises for St. Aloysius Parochial School were held Friday morning in the church at the conclusion of the 8 o'clock mass. The Rev. Fr. Thomas Lawler, assistant pastor, celebrated the mass and presided at the exercises.

The American Legion citizenship awards, presented by the Ocker Snyder Post was awarded to Laurence E. Altoff, son of Mr. and Mrs. Paul E. Altoff, 24 E. Myrtle St., and the American Legion Auxiliary award was received by Faith A. Redding, daughter of Mr. and Mrs. Henry Redding, W. Myrtle St. These awards consist of a medal and a certificate of distinguished achievement. The recipients are chosen on the basis of honor, courage, scholarship, leadership and service.

James S. Long received the Knights of Columbus Award "For God and Country," to an altar boy for faithfulness to duty. He is the son of Mr. and Mrs. Stewart N. Long, W. Myrtle St.

Margaret Mary Altoff, of the seventh grade, received the trophy for placing first in the Catholic War Veterans area spelling bee recently, the first time that a trophy has been won by a local student.

Harner, Mary Ann Rang, Faith Ann Redding, Sarah M. Bussey, James P. Wareime, Jerome F. Oyle, Suzanne F. Weaver, Joyce A. Hymiller and Janet H. Krichen. The class received Holy Communion as a group during the mass.

Father Lawler spoke briefly before presenting the awards, reminding the children that vacation time does not include vacation from religious duties. His message was based on "Prayer," and he told the pupils that "the hardest job you will find in life, even if you live to be 150, is that of growing up and it is important to pray for help from God and to accept help from parents, in this process."

## EX-PHILS ARE BEST IN TRADE

CHICAGO (AP) — The Second Guessers Fraternity reviewed the various Chicago Cubs-Philadelphia Phillies trades today and, on the basis of one game only, decided the Cubs got all the better of the dealings.

The single game was yesterday's 6-1 victory for the Cubs with ex-Phil Ed Bouchee and Richie Ashburn sharing a portion of the honors for the victors.

By contrast ex-Cubs Cal Neenan, Al Dark and Tony Taylor fared poorly. Ashburn raised his batting average to .329 with three hits and Bouchee had two hits for the victors.

Neenan and Dark were hitless for the Phils and Taylor, who drove in the lone run for the losers, committed two costly errors that sent Phils starter Jim Owen from the box.

The errors helped the Cubs to score two runs and wrap up Yankee Mark Freeman's first major league victory in a Cub uniform.

Bobby Del Greco's single, an infield out and Taylor's single gave the Phils their lone run in the third inning.

## Hold 3 Yorkers As Burglary Suspects

HARRISBURG (AP) — Three York residents are being held in Dauphin County Jail pending further action on a charge they burglarized a service station in near-by Dauphin.

State Police said the three entered pleas of guilty at a hearing Friday. They are Theodore Ruth, 20, his wife, Barbara, and Clair M. Herbst, 22.

Sgt. A. J. Swalinski said the three are being questioned in connection with other burglaries in the York and Harrisburg areas. They were arrested last Wednesday following a high-speed auto chase in West Shore suburbs.

## TWO FREED IN VOTE FRAUD

PHILADELPHIA (AP) — Two men arrested on warrants from the state attorney general have been freed of charges of fraudulent voting in a Philadelphia election.

Magistrate Louis R. Iannarelli, ruled Friday the Commonwealth had failed to prove its charges against Patrick B. O'Leary, 56, and Joseph C. Barrila, 48.

The magistrate Thursday discharged three others accused of fraudulent voting.

Victor Wright, a deputy attorney general, said "we will have to re-evaluate our evidence again. There is no doubt we will ask for a re-arrest."

O'Leary, a Democratic committeeman, was discharged when the only witness against him denied knowing him. Barrila, a Democratic election judge, was freed when two witnesses failed to appear.

## PILOTS STAGE WORK STOPPAGE

MIAMI, Fla. (AP) — Eastern Airlines pilots staged a work stoppage today and at least seven flights were canceled when crews failed to show up.

The airlines called the strike unlawful. A union official said the walkout was not authorized. The strike hit flights at Miami and Detroit at midnight. All Eastern traffic out of Detroit was halted.

At Miami, two flights to Detroit and Chicago, scheduled to leave shortly before midnight, were the first to be canceled. Three Chicago flights were scratched by 1:30 a. m. EST.

An airlines spokesman said the

York and Harrisburg areas. They were arrested last Wednesday following a high-speed auto chase in West Shore suburbs.

## 30,000 Alaskans Prepare Rousing Welcome For Ike

By WILLIAM J. TOBIN  
ANCHORAGE, Alaska (AP) — Some 30,000 Alaskans are expected to turn out in force here Sunday to greet President Eisenhower as he makes his first visit to the new 49th state.

Some estimates of the likely crowd ranged up to 40,000—in an 18-month-old state with a total population of only 223,000. A rousing Alaskan welcome was assured for the first president to visit since Franklin D. Roosevelt made a wartime stop in the Aleutian Islands.

Military officials declared the

big Elmendorf Air Force Base "wide open" and prepared to receive as many as 7,000 persons at the field when the President's jet transport arrives from Washington at 10:15 a. m., Anchorage time.

Plan Big Reception  
Other thousands will line Anchorage's Fourth Avenue, the main business street in this largest city of the nation's biggest state, for a tour by the President.

State and local officials have called for a big reception for the President, as a patriotic sendoff to his 15-day goodwill mission to the Far East. The trip includes a June 19 visit to Japan, where rioting left-wing groups have protested against a new U.S.-Japanese security alliance scheduled to become effective that day.

Democratic Gov. William A. Egan will extend Alaska's official greetings to the President, during a 15-minute ceremony after Eisenhower's plane lands from a non-stop flight from Andrews Air Force Base near Washington.

Reception For 300  
The trip through downtown Anchorage, a bustling city of more than 47,000, will follow the ceremonies.

The President and his party—including his son, Lt. Col. John Eisenhower, and daughter-in-law, Barbara—will be honored at an invitation-only reception for about 300 guests at Elmendorf from 5 p. m. to 6:30 p. m.

The reception is the last public function which the President will attend here, before his departure for Wake Island at 6:50 a. m., Anchorage time, Monday.

## County Agent Tells How To Control The House Fly

By FRANK S. ZETTEL  
Adams County Farm Agent

The housefly breeds and feeds most extensively in manure, garbage, and fermenting crop wastes. If disease germs are in these materials or in others they frequent, the flies get them on their hairy legs and feet and in their digestive tracts. If flies have access to man's food, they contaminate it by walking over it and by leaving their excreta on it.

To control the housefly in and around the home, on the farm, and in farm buildings, do these things:

Eliminate the flies' breeding places. Follow sanitary practices constantly. Keep garbage and other refuse under cover; dispose of garbage frequently. On the farm dispose of manures properly. Screen windows and doors of the home, dairy barns and milkrooms. Well-fitting screens on windows and doors are essential for keeping flies out.

Use of insecticides. To kill flies quickly inside a home or other building, use a space spray or an aerosol. The quick-killing material for space sprays is either pyrethrins or organic thiocyanates.

**Surface Sprays**  
Another method of control is by surface sprays on walls, ceilings, etc. These sprays leave a residue that may be effective for several weeks. The two most commonly used residue materials in Pennsylvania are diazinon or ronnel. Get information on proper amounts and methods of use from the agricultural extension office.

Insecticides, such as dipteryx and malathion, are used in dry and liquid baits. When properly used baits are very effective in controlling flies in farm buildings.

This year promises to be a "hot" year for hog cholera. No one knows why a virus disease, such as hog cholera, is cyclical in its intensity — but it is — and hog producers can anticipate a bad year.

**More To Come**  
This can be predicted not only on the basis of numerous outbreaks in April and May, which is unusual so early in the year, but a look at the calendar and past cycles suggests that more is yet to come.

The U. S. Department of Agriculture also warns that only one out of ten hogs in the country is protected by vaccination from hog cholera. The number vaccinated is not high enough to stop an outbreak from spreading rapidly.

Producers who do not vaccinate should realize the risks they are taking. Men who don't like to live dangerously insist on a sound hog cholera vaccination program. Other safe guards: isolate sick pigs, beware of health of pigs you buy, guard against introducing the disease into the herd. If any

garbage or table scraps are fed be sure it has been cooked at least a half hour at 180 degrees. Most hog cholera outbreaks in Pennsylvania can be traced to infected, improperly cooked garbage.

### Pasture Alone Not The Answer

Things aren't always what they appear. Pasture grass may appear to be an almost perfect feed for dairy cattle at this time of year. However, it doesn't have as much feeding value as one might think. As a matter of fact, for every 100 pounds of this lush grass eaten by a dairy cow only 15 to 20 percent is dry matter. In other words, a cow or heifer must "eat" 80 to 85 pounds of water in order to get 15 to 20 pounds of actual dry matter.

While mature cows may have sufficient capacity to eat enough grass to meet most of their nutrient requirements, heifers and calves can't be expected to do so. This is why it's so important to supplement the lush grass with plenty of dry hay and grain.

Heifers past 12 months of age can be fed all the grass they'll eat — this is, provided they also have all of the good hay they want. This should be fed in a hay rack which is kept filled with fresh hay at all times. They should also be fed sufficient grain to maintain a thrifty condition and steady growth. Heifers on good pasture with good quality hay available seldom need any grain. If the pasture and hay are of poor quality, they may require as much as 6 pounds of grain per day to maintain normal growth.

So good pasture isn't the complete answer in all cases. Sometimes hay and grain are needed, too.

## State Will Lose 3 Congress Seats

WASHINGTON (AP)—The Census Bureau says its 1958 prediction that Pennsylvania will lose three seats in the House of Representatives still holds.

The bureau said Friday preliminary census figures show a 6.9 per cent population growth in 10 years for the Commonwealth with the number of residents now at 11,217,708. But, it said, the growth ratio is not in keeping with that of other states.

It said California, which like Pennsylvania has 30 seats in the House, may pick up as many as seven, and New York with 43 seats, may lose three.

In 1958 the bureau based its prediction on a projected figure of 11,300,000 residents for Pennsylvania by this year.

## Farm Calendar

**Need Rich Soil** — Vine crops, such as cucumbers, squash, pumpkins and muskmelons, do best on a rich loam soil containing plenty of organic matter, explains James Dutt, Penn State vegetable extension specialist. They also need plenty of fertilizer and control of insects. If irrigation is needed, do it in daytime.

**Grow Summer Pasture** — Sudangrass is our most productive summer annual pasture crop. John Baylor, Penn State extension agronomist, says it can be planted between late May and late June. One acre will supply excellent grazing for three or four mature animals during July and August. Piper is a recommended variety.

**Feed For Layers** — A 4-pound bird laying at the rate of 15 dozen eggs a year will require about 5.3 pounds of feed to produce a dozen eggs, according to Carl Dossin, Penn State extension poultry specialist. The same sized bird laying 18 dozen, or 60 per cent production, will produce a dozen eggs on about 4.8 pounds of feed.

**Prevent Wilting** — A wilt-proofing material sprayed on foliage and twigs of transplanted shrubs and trees will reduce the amount of transpiration by providing a plastic film reports Joseph Hayden, Penn State extension ornamental horticulturist.

**Creep Feeding Pays** — Creep feeding of beef calves returns an average of two dollars for each dollar invested in feed, says Ben Morgan, Penn State extension livestock specialist. Creep-fed calves weigh more at weaning time and are one grade higher.

**Club Members To Meet** — Nine hundred delegates will attend the first Pennsylvania 4-H Congress at University Park, June 22-25. They will represent Pennsylvania's 44,000 4-H club members.

## BRIEFS

**DETROIT (AP)**—Anyone who learned to be a blacksmith under the late Henry Ford is in demand here.

The Detroit Institute of Technology wants him for its 70th anniversary celebration next year. Ford — before he started building automobiles — taught the use of anvil and forge at Detroit Tech for \$2 a night in the 1890s.

**CHICAGO (AP)** — The Aga Khan, 23, spiritual leader of 20 million Ismaili Moslems, arrived Friday night for a three-day stay in the Chicago area. He will spend the night at the Libertyville home of his former Harvard roommate, John Fell Stevenson, son of Adlai Stevenson.

**LOS ANGELES (AP)** — The Los Angeles Committee for the Democratic National Convention says it collected \$450,000 to stage the convention — and is now on the way to a \$500,000 surplus.

The committee is nonpartisan — except for its partisanship for Los Angeles. The only goal was to raise money to stage the convention.

**HOLLYWOOD (AP)** — Jack Linkletter of the television family is a father again. His wife gave birth to a 5-pound, 11-ounce boy at Hollywood Presbyterian Hospital Friday.

er; anthem, "Lost Lambs," the choir; exercise, "The Heart That Trusts," John McCoy, Dennis Gladhill, Barry Bittle; solo, "An Evening Prayer," Joan Ginter; recitation, "We Bring You Flowers," Beverly Hartlaub; exercise, "Choose Ye This Day," Vickie Gardne, Connie Dayhoff, Sandra Ernst, Deborah Dayhoff and John McCoy; remarks and offering; hymn, "Saviour Like a Shepherd Lead Us"; benediction; organ postlude, "Be Ye Blessed."

The committee in charge of arranging the program included: Mrs. John H. Hartlaub, Mrs. Parr R. Breighner, Mrs. Kenneth Dayhoff, Mrs. Fred Hartlaub, Mrs. R. Edward Newman, Miss Gloria Ginter and Mrs. Rodney Harner.

## TOP MEN AT 2 ACADEMIES FROM SAME H.S.

DALLAS, Tex. (AP) — It isn't all coincidence that the top men at both West Point and Annapolis this year are products of the same high school. The school possesses a reputation for developing brilliant students.

Charles P. Ostott was graduated from West Point as top man scholastically and militarily.

At Annapolis, Alton K. Thompson was graduated with the same honors.

Both are products of Highland Park High School, a part of the school system of Highland Park and University Park, incorporated cities surrounded by Dallas proper. The ratio of graduating seniors to National Merit scholars is 1,666 to one. At Highland Park High, it is 183 to one.

### Most Attend College

From 1957 through 1959, the red brick school graduated 1,022. Only 40 did not go on to college.

At Southern Methodist University this year, one-fourth of the initiates into Phi Beta Kappa, the national scholastic honor fraternity, were Highland Park grads. That's an impressive record. But is it an egghead school without muscles? Hardly.

The school system starts kids playing football, baseball and basketball about the third grade. Highland Park is a consistent power in state schoolboy sports.

Two prime examples of the system are Bobby Lane of the Pittsburgh Steelers pro football team and Doak Walker, late of the Detroit Lions.

## Taneytown

**MRS. JOHN LEISTER**  
TANEYTOWN — Mrs. Vallie Fouche and son, William, had as dinner guests Sunday Mr. and Mrs. George A. Harlow, Mr. and Mrs. Lawrence Harlow, of Culpeper, Va., and Mr. and Mrs. Arthur Fouche, and family of Lisbon, Md.

Merwyn C. Fuss was an invited guest of the Maryland Port Authority on the cruise of their ship "Port Welcome" Friday, June 10. The cruise will cover Baltimore Harbor, Chesapeake Bay basin as far as the state capitol at Annapolis.

Mr. Fuss was guest speaker at Mt. Airy Kiwanis Club on Wednesday night at Mt. Airy.

The Women's Guild of Grace United Church of Christ met Thursday in the parish house of the church.

The meeting was in charge of the stewardship committee, Mrs. George Fream and Mrs. Thomas H. Smith, co-chairmen. It opened with a prelude by Mrs. Mary Alice Myers. The topic, discussed by Mrs. Fream and Mrs. Smith, was "Discipline in the Preparation for the Holy Communion."

The group sang "The Church's One Foundation" followed by scripture by Mrs. Ellwood Simpson and prayer by Mrs. Grier Keilholz. After the offering, Mrs. Marian Rue and Mrs. Mary Alice Myers sang a duet.

The skit "Tithes and Offering" was presented by Mrs. Louise Myers, Mrs. Marie Smith, Mrs. Doris Crumpacker, Mrs. Ethel Garber, Miss Vicki Abrecht, and Rev. Andreas.

A social hour followed in the dining room.

Britain was evacuated by the Romans in 407 A.D.
